cleanPlaintiffs.plaintiffList

```
graph LR; A[cleanPlaintiffs.main] --> C[cleanPlaintiffs.plaintiffList]; B[correlations.main] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box is white with a black border and contains the text 'cleanPlaintiffs.main'. The bottom box is also white with a black border and contains the text 'correlations.main'. On the right, there is a single box that is gray with a black border and contains the text 'cleanPlaintiffs.plaintiffList'. Two blue arrows point from the right side of the left boxes to the left side of the right box. One arrow originates from the right side of the 'cleanPlaintiffs.main' box and points to the top-left corner of the 'cleanPlaintiffs.plaintiffList' box. The other arrow originates from the right side of the 'correlations.main' box and points to the bottom-left corner of the 'cleanPlaintiffs.plaintiffList' box.
